SECTION H : Comprehension (10 marks)

Read the passage carefully and answer the questions that follow.

Daniel was a new student in my class. That year, it was my job to welcome him to the class. I figured I should stay away from this weird boy other than when accompanying him for meal breaks.

Daniel did not utter a word to anyone and would carry an empty bag to school. One evening, I brought up the subject of Daniel to my mother. I told her how Daniel behaved in class. I was not sure if I should be a friend to Daniel because the other students would laugh at me for befriending an odd boy. My mother did something that left a deep impression on me till today.

5

She took me to the garden and said, "Peter, look at those flowers in the garden. Would you like the garden as much if there was only one kind of flower?"

10

"Of course not," I answered.

"Would you like all people to be the same then?" she asked.

"No..." I replied. "I want them to be like flowers - different but beautiful in their own way." My mother smiled and we walked silently back into the house.

The next day, I plucked up courage and started a conversation with Daniel. After two months and some failed attempts, I found out that both of us liked gardening. Eventually, Daniel and I became best friends.

15

I am a new student in a secondary school now. I am not afraid to befriend anyone who others think is odd, simply because of the lesson I learnt from my mother.
